NEWS YOU CAN USE

Moe's caters to everyone's needs, so your order may not match the example shown above. Set up your catering table to make it easiest for your guests to make a great meal the way they like it. The order below allows a guest to build a typical fajita or taco.

1. Rice and Beans
2. Protein (Meat & Tofu choices)
3. Onions & Peppers
4. Moe's Queso (if ordered)

IMPORTANT! Extinguish flame on Sterno(s) by replacing the cover. Sternos can become **VERY HOT**. Do not touch them under any circumstances.
