Moe's Store Self-Audit Checklist

Use this checklist to walk your store the way a brand auditor would. Complete it at least monthly and before any scheduled audit.

Store #	Date	Time In	Auditor	Manager on Duty

How to Use

- **Walk the store in order:** Top Priorities, Exterior, Dining Room, Restrooms, Front of House, Back of House.
- **Mark every item:** Y = meets standard, N = does not, N/A = not applicable to this store.
- **Scoring:** Y earns full points. N earns 0. Items with "-1 each" or "Deduct" lists lose points per failed check, down to 0.
- **Score:** Points earned ÷ points possible. Remove N/A items from both. Total available: 704 points.
- **Every N:** take a photo, write the fix in Notes, and add it to the Action Plan on the last page.
- **Food safety first:** any N on a food safety item is corrected before the next shift.
